Province of Ontario

Dated May 28, 1919

Dominion of Canada

\$4,000,000

Gold 5% Bonds

Dec 20xy 28, 1922

Coupon bonds, \$3,000 each, registerable as to pr semi-annual interest (May 28 and November 28) payable at the option of the holder of the Bank of Montreal, New York, in United States gold coin of the present standard weight and fineness, or at the office of the Trensurer of Ontario, Teronto, in gold coin of the Dominion of Canada.

Legal Investment for Savings Banks in Connecticut, New Hampshire and Vermont

These bonds are a direct and primary obligation of the Province of Ontario. The Province has never found it necessary to exercise its power to levy a direct general tax, as the revenue from other sources is more than sufficient to pay the interest and principal on its debt.

The Province of Ontario, the most important Province of Canada, is equal in area to the combined territory of the United States known as the New England, Middle Atlantic, and Middle Western groups. From east to west its borders are 1,000 miles apart; from north to south, 1,075 miles.

According to the Dominion census of 1911, the Province has a population of 2,523,274. There are over 300 towns and cities in Ontario, including thirty-five of over 10,000 population. Among these are Toronto, the second largest city in Canada, and Ottawa, the Capital of the Dominion.

Interim certificates will be delivered pending the engraving of definitive bonds.

Price 98% and interest, yielding about 5.60% (Delivery and payment in the United States)

The above statements and statistics are derived from official sources, or those which we regard as reliable. We do not guarantee but believe them to be correct

Pine Street, corner William

To the Public

Break the Home Building Deadlock

THE CITY AND SUBURBAN HOMES COMPANY is prepared to furnish homes for as many people in New York as the public will give us capital for.

We have the sites selected and the organized facilities for immediate construction. We now house 15.000 in our model tenements which are maintained in point of cleanliness and sanitation on a standard comparable with the best apartment houses in New York. Our stock is limited to 5% dividends.

The Company is now paying 4% and earning more, and we believe that capital invested in our stock will, in the near future, earn 5% besides the reserves necessary to provide for the reproductions of the buildings when they reach the limit of their economic lives. We ask the public of New York to help us in our effort to provide needed homes for people of moderate means who are suffering from lack of proper housing facilities in the City. If relief is not forthcoming housing conditions will be deplorable and the standard of living throughout the City will be lowered.

The Governor's Reconstruction Commission has called on individuals and corporations to start HOME BUILDING.

We are answering this call by asking the public to provide needed homes for the

Subscriptions may be made direct to the Company or through any of its Directors.
